

Most Gentle Face Scrub

DERMAGOLD

Purifying Scrub, \$42

Have blemishes, uneven skin tone and dull skin been standing between you and your dream (flawless) skin? Other than concealing this unsightly appearance with BB creams, concealers and foundation, the best way of achieving flawless skin is by using an effective, yet gentle facial scrub once or twice a week. A gentle facial scrub like Dermagold Purifying Scrub brightens dull skin and lightens blemishes and freckles, leaving skin smoother and glowing with the first use.

The uniqueness of this exfoliant is the triple cleansing and polishing facial function. It sloughs away dull and rough dead skin cells with ultra fine crystalline salt and ascorbic acid embedded in plant oils like jojoba oil and shea butter. These properties make the scrub less abrasive and gentler than most exfoliants. We love how the plant oils also facilitate deep pore cleansing to dissolve sebum and loosen blackheads trapped in the pores when activated by the water-based gel Dermagold Brightening Revitalizer. The result? A smoother and glowing complexion.

This scrub leaves skin brighter and clearer as it removes sun damaged skin and melanin-laden dead skin cells, and renews the skin.

THIS INTELLIGENT SCRUB LEAVES SKIN BRIGHTER, CLEARER AND GLOWING WITH GENTLE AND NON-ABRASIVE ULTRA-FINE CRYSTALLINE SALTS AND GRAINY ASCORBIC ACID (VITAMIN C) IN PLANT OILS (SEABUCKTHORN, JOJOBA OIL AND SHEA BUTTER) THAT POLISH THE SKIN SURFACE AND DEEP CLEANSSES.

Available at Hadara Aesthetics Boutique at #01-01, 23 Lorong Telok. Tel: 69693022. For details, visit www.dermagold.sg; www.facebook.com/dermagold
