

## FACE SERUMS – EDITOR'S RAVE

# Dare to Bare

*Get beautiful skin, sans concealer or foundation, with Dermagold Miracle C+.*

Dermagold Miracle C+,  
\$69 (15ml)

Most women spend plenty of time and money trying to find the right foundation and concealer that make them look naturally flawless and glowing. But sometimes, it's really about ditching the makeup and opting for natural beauty.

The products from home-grown brand Dermagold were created to fulfil the need for skincare that allows women to leave the house barefaced. The range now includes more than a dozen products, including ones for brightening, anti-ageing, blemish-busting and a new men's collection.

The star product, recommended for virtually every skin type, is Miracle C+ (\$69 for 15ml). This lightweight, paraben-free serum is formulated with 18 per cent vitamin C ester, unlike other over-the-counter products which may only have as little as 3 to 5 per cent. Vitamin C ester is a form of vitamin C that is said to be more easily absorbed by the skin than standard vitamin C, with up to eight times the antioxidant, brightening and anti-ageing properties.

The formulation also contains hyaluronic acid (a naturally occurring molecule that can absorb many times its own weight in water) to help soften and moisturise skin, and reduce the look of wrinkles. Dermagold Miracle C+ can be applied day and night, after cleansing and toning, on the face, neck and body. It can be used alone or, for better results, as part of radiance-boosting, acne-control or anti-ageing skincare regimens.

*Dermagold products are exclusively available at Hadara Aesthetics Boutique, #01-01, 23 Lorong Telok. For more information, visit [www.dermagold.sg](http://www.dermagold.sg), call 6969-3022 or e-mail [enquiries@dermagold.sg](mailto:enquiries@dermagold.sg).*

### COMPLETE THE REGIMEN

For a more radiant complexion, use Miracle C+ with Dermagold Brightening Revitalizer, HA Booster and Skin Elixir (left) as part of the Radiant Essentials System. The Skin Elixir (\$128 for 30ml), in particular, is said to help rejuvenate skin texture, moisturise skin and combat visible signs of ageing, thanks to its key ingredient, sea buckthorn. Touted as a "superberry", sea buckthorn is rich in antioxidants, essential amino acids, vitamins C and E, omega-7 and other nutrients.
